

# Believe Mug Painting Instructions

[www.BelieveBig.org](http://www.BelieveBig.org)

## There are 4 easy steps to paint:

1. You can paint any design!
2. Paint the word **BELIEVE** somewhere on your mug and use NO OTHER WORDS please.
3. Use at least 2 coats of paint for the colors and design to come fully through.
4. If you are able, please say a prayer of healing for the cancer patient that will receive your Believe Mug.

Once completed, your Believe Mug will be fired, packaged and delivered to a local patient.

**2-3 Coats = More Solid**

**NOTE: Light Colors Will Not Show Up On Dark Colors When Fired.**
